Let's work together to keep the children in our community safe!

(Full list of accepted/not accepted items is on our website)

Unaccepted Items

At As They Grow, we strive to bring our community and customers items in new or like new condition. We want our customers to find the brands they like at prices they love! **Items are inspected during drop off, and will NOT be accepted for issues like: Stains, excessive wear, unpleasant odors, tears or rips, items not in working condition, items that are recalled. Please check your items at home in GOOD light and only bring your best!**

You'll earn more and be efficient with your time! Out of season, out of style (generally means if more than 4 years old), participation or destination clothing- Think OC MD tee/ or soccer club tees are not accepted.

Under garments that are used and not in original packaging are not accepted, used bottle nipples and pacifiers, cribs manufactured prior to 6/2011, car seats that were second hand to you/cannot be guaranteed to be accident free, "grab bag" packs of random toys, "happy meal" type toys, open play doh, puzzles or games that are missing pieces. We reserve the right to refuse items that are priced at/near retail price, or over priced.

Tagging items for sale

Consignors price their items in our easy software that is purchased for each sale. Please keep your seller number the same from each of our sales, and your tags can be transferred to our next event.

Access your seller account by logging into www.AsTheyGrowKids.com and click on Consignor Log In. Go to Enter Items, and click add. You then choose a category (ie Boys Clothing), size, and price for the item, followed by a description. " Pink plaid I Love Mom tee" . **Please pick correct category and size- We plan the sales floor based off of your entry.**

You print your tags at home onto white card stock paper and attach them to your items.

(Standard paper will rip when hanging on racks, colored paper may not scan)

Tags print 6 per page.

The software pre-populates the last category, size, description and discount/donate settings so- I highly recommend sorting clothing by size and even brand before starting to tag.

- Change discount/donate settings by clicking on box
- After you log out, you can access previously entered items through " manage inventory "

Preparing items for sale. Remember- **What price would you pay for it at a consignment sale? We recommend pricing items at 1/3 of new price. Boutique brands at 1/2 of new price. Please refer to our pricing guideline, found on our website.**

Clothing items should be hung on a hanger- please do not place items like onesies or pjs in bags. Customers cannot check them for quality and will not buy them.

Our minimum price is \$2- please combine items if necessary. 1 onesie for \$2 will not sell.

Attach accessories to item in plastic bag, or use safety pin to attach to back of item.

We currently accept all types of hangers. They are removed during check out when time allows and consignors may grab hangers during their pick up first come first serve. Free hangers can often be obtained from stores such as Goodwill, Old Navy and Kohls.

cont.

The hanger should form a question mark as shown, with tag on opposite side. Please attach tag in a seam to avoid damaging garment.

Items with stains, excess wear, odors or pet hair will not be accepted. Please take a minute to ensure you are bringing only the best- you will earn more for it!

Attach tag using 1" or bigger safety pin, or tagging gun in a seam on right side if facing garment. Do not use staples, straight pins or tape to attach tags to clothing.

Shoes

Shoes must be unscuffed and clean, without excess wear. Put shoes together with a zip tie and safety pin the tag to the zip tie. Shoes can be placed in a clear plastic bag with tag attached on front.

Toys and baby gear

Wipe down all surfaces. All fabric should be freshly washed and reassembled. All pieces should be in a plastic bag that is taped securely to the item. Small pieces will get separated by children and lost. (Items like a toy bar that firmly

snaps into walker can be left attached in it's place.) Items that require batteries should have working batteries installed. (Grab them at dollar store)
Miracle eraser works wonders on scuffs and spots on plastics.

Books and Dvds

Must be family appropriate. Attach tag to books using painters tape to avoid damaging the book. Dvds should be in the original case.

Other Package items with expectation that they could be separated in error. So place non-clothing items in a plastic bag and tape securely to the item.

Find full instructions for preparing your items in the consign area on the website.

Dropping off items

Consignors choose a drop off appointment through the seller account page. If you will be out of town during our drop off days, please contact us at info@astheygrowkids.com and we'll do our best to accommodate you. When you arrive, follow signs for entry and feel free to use our rolling carts and racks to bring your items inside.

Items will be inspected upon your arrival to meet our quality standards. ****For the Sales During Covid 19- We need consignors to assist in putting their items out in labled locations - please plan accordingly.** If your items are organized by size, it will go quickly. You will sign the hard copy of your consignor agreement, obtain your Pre-Sale ticket and be on your way.
